(Hey it's worth checking out for those who are serious about IS or may need additional resources for a future assignment- Good Luck!) About Institutional Repositories Institutional Repositories (IRs) bring together all of a University's research under one umbrella, with an aim to preserve and provide access to that research. IRs are an excellent vehicle for working papers or copies of published articles and conference papers. Presentations, senior theses, and other works not published elsewhere can also be published in the IR.
